Welcome to NUI Galway
Celebrating
175 Years of Excellence

NUI Galway was founded in 1845 and 2020 marks the 175th anniversary of the foundation of the University. The University has been a defining presence and recognisable landmark in Galway city for almost two centuries.

At NUI Galway we want to build on your passion for learning and encourage and support your desire to develop as a person, to explore new interests and to remain curious.

Here is where... you will be given the support, knowledge, skills and selfconfidence to achieve your goals and reach your full potential.
Find out for yourself

Open Days
Open Days are the perfect opportunity for you and your family to experience life at NUI Galway.

Visit us and immerse yourself in our vibrant and diverse community. Meet our world-leading academics, our current students and see how they can inspire you.

NUI Galway’s Open Days:
Friday 4th October 2019
Saturday 5th October 2019
Wednesday 15th January 2020
Saturday 28th March 2020
www.nuigalway.ie/opendays

Guided Campus Tours
You can book a guided tour of the campus, which will be led by one of our current students, by emailing visit@nuigalway.ie

Taster Days 2020
Focusing on Mature Students
Taster days give you the opportunity to sample what it is like to study at university.

Mature Students Arts Taster Day:
Wednesday 8th January 2020

For information and booking details please refer to www.nuigalway.ie/mature/public-events/ in December.

Coming to a town near you...
We hold regional information evening’s throughout Ireland, where we bring the NUI Galway student experience to you. Meet us in:
• Athlone - 12th December 2020
• Limerick - 16th January 2020
www.nuigalway.ie/opendays

Mature Students Officer/College of Further Education Visits
To arrange for a speaker to visit your education centre please contact

Disclaimer: whilst every effort is made to ensure contents are accurate, the Mature Students Guide is issued only for the guidance of students. It does not impose or infer any legal obligations on the National University of Ireland Galway. Course syllabi, fees, regulations or other information given may be altered, cancelled or otherwise amended at any time. The Mature Students Guide does not confer any rights on a student registered for any course of study.
Mature Public Information Evening - College for Everyone

Wednesday, January 15th, Lifecourse Institute.
North Campus, Dangan, 5.30pm to 8pm

This special information evening is designed particularly for anyone aged 23 or over, who maybe considering studies at NUI Galway in 2020 with an emphasis on applying to a full-time degree aimed at those who never thought it was possible and could not for a diverse range of reasons attend third level in earlier years. It is an annual event to reach out to community that university is accessible to all and to promote lifelong learning. All adult learners are welcome no matter what your age is as the university offers so much more than just full-time degrees.

The Mature Students Officer will give a welcome presentation at 6.30pm in G018 explaining the CAO application procedure and sharing some past students experiences with you. SUSI (Student Universal Support Ireland) will be on hand to present on undergraduate funding.

Representatives from all our College Degree Programmes will be there to advise and talk one to one to you about career opportunities and learning outcomes of their individual programmes. The Careers Service will be there to assist with questions on career prospects if you complete a degree.

The Centre for Adult Learning and Professional Development will be present and offers short special interest courses, on-line courses, languages, classroom based learning and professional development courses.

Many people attending the evening in the past have been directed into Access Diploma Courses to give them the Foundation Skills in academic subjects at a pre-university level 6 and supported onwards to degrees in all disciplines at NUI Galway. These courses build confidence in self, ability and supports each individual to reach their full potential.

There is a place for everyone at NUI Galway whether it is through an Access course, a full-time degree or through our Centre for Adult Learning and Professional Development Programmes.

To attend this evening you may sign up now at: www.nuигalway.ie/mature/public-events/

What Is the Definition of a Mature Student?

Full-time Degree Mature Student
You will qualify as a mature applicant for full-time study if you are at least 23 years of age on or before 1st January in the year you submit your application and if your Leaving Certificate qualifications are insufficient for standard admission. Therefore, to apply to NUI Galway for the academic year 2020, your birth date must be on or before January 1st 1996 and you must have lived in an EU/EEA Member State for three of the last five years. Students attending university on a full-time basis are generally not in full-time employment.

If you started a degree but did not complete it, you must be 5 years out of formal education to qualify for Free Tuition Fees again.

Holders of a Level 8 degree, who may be 23 or over will not qualify for Free Tuition Fees but still eligible to apply as a Mature Student but the costs can prevent studying again at this level. Such students are encouraged to look at Post Graduate study options.

Part-Time Degree Mature Student
The Centre for Adult Learning and Professional Development recognises mature students at the age of 21 and over. This route may suit you if you are in full-time employment.

Access Mature Student
You will qualify as a mature applicant for an Access Course if you are 23 or over. If you apply at the age of 22 please ensure that you turn 23 before the 1st of January for progression purposes to a full-time degree. The Access Course is one year part-time daytime course that aims to provide disadvantaged mature students with the opportunity to prepare, personally and academically, for an undergraduate course of full-time study of at least three years duration at NUI Galway.

School Leaver Access Course
The Access Course for School Leavers is a course specifically designed for students who are aged 22 or under and has a proven ability to study, but was unable to progress due to financial, family, personal and other issues that disrupted their studies and denied progression to higher education.

How to Apply as a Mature Student for Full-time Degrees

Mature students should apply online through the Central Applications Office (www.cao.ie) before the 1st of February for all NUI Galway’s full-time undergraduate courses.

The cost of applying through the CAO is approximately €45. There is an online discounted rate of €30 if you apply before the January 20th. It is important to complete the CAO application form thoroughly. Supporting documentation such as exam results, current studies and a strong statement of intent are essential components of your CAO application for some programmes.

If you use the online application process you must forward your supporting documentation to the CAO immediately afterwards with your name and CAO number clearly stated on each document. Do not send any documents to NUI Galway - these will not be reviewed. Documentation that supports your application will only be considered for admission purposes if it has been included with your formal application through the CAO. NUI Galway does not accept late Mature Students applications after the Feb 1st deadline.

Important: Your supporting documents must arrive in the CAO offices within seven days of your submission of the online application. It is of the utmost importance as a mature student that you ensure all relevant information, including evidence of formal education, certificates, personal statements and other requested documents, are included with your CAO application. Omission of this information may affect the success of your application to NUI Galway.

The CAO also provides a comprehensive handbook, which includes information specific to mature students and must be read carefully in advance of submitting a final application.

Some Degree Programmes also require the applicant to register for assessments in association with their CAO application with certain deadlines and one testing date. Such programmes are Medicine (HPAT), Arts (MASP) and Nursing (NCC).

Mature Student Scholarships

NUI Galway has encouraged and facilitated the admission of mature students to its programmes over many years.

There are some scholarships that applicants can apply to before even receiving a college offer. More are given on merit or for socio-economic reasons.

Scholarships include:

- Mature Students Scholarships
- Uversity Scholarships

These are applicable to Mature Students in particular.

For details of each scholarship, application dates and eligibility criteria please refer to nuigalway.ie/mature/scholarships

Terms and conditions apply.

Find out more:

www.nuigalway.ie/mature/scholarships/
Mature Student Supports

The following are a number of student support services that you can avail of as a full-time mature student:

Return to Learning programme
The Return to Learning programme is offered in August to new incoming Mature and Access Mature students, so as to prepare them academically, socially and practically before the semester begins. The week long programme comprises of a series of workshops including practical study skills sessions, memory techniques, practical computing and advice on making the transition to third level education as well as information on the support services in the University. These workshops provide you with an opportunity to meet fellow mature students, make friends, and familiarise yourself with our campus.

Orientation
The university runs an orientation week for all new first years in early September with an opportunity to hear college talks from the Deans, learn about academic and personal supports, and receive timetables and library tours.

Academic Skills workshops
NUI Galway runs a number of practical skills workshops throughout the academic year ranging from academic writing, research skills, and practical study skills to revision techniques and exam preparation.

Find out more:

JESSICA BREDICAN, 30 (Arts)

A decade after deciding not to sit my leaving cert I enrolled in NUI Galway’s Access program. The course was the right mix of challenges and supports to build my confidence and skills and I’m now excited to be going into my first year of Applied Social Sciences in September.

I had worked part time in sales, as a barista and in salons, but I always had a thirst for knowledge and desire to get a third level education.

I have loved being a mature student. I found the determination and outlook of my fellow matures inspiring. In the humanities especially, life experience is incredibly useful for understanding the complex topics.
Returning to Education – Access Diploma Programmes

NUI Galway’s Access Office offers pre-university preparatory Access and Foundation diploma programmes for under-represented groups in higher education - for example, those from socio-economically disadvantaged backgrounds, students with disabilities and mature students including adults who may be in employment.

The preparatory programmes are student centred and are delivered in a very supportive environment by experienced tutors and staff. The overall aim is to give the chance of college to everyone and to provide an opportunity to progress to full-time or part-time degrees once the foundation year is completed. Each year over 200 students progress to university and excel in their new degrees. Continued support is provided to all students by the Access Centre.

Mature and School Leavers Access Course
The Mature Access Course is a full-time day programme for disadvantaged students over 22 from diverse backgrounds and is free based on meeting certain financial and personal conditions. Subjects offered are in the areas of Humanities, Science and Business and also teaches Academic Writing, Study Skills, Technology and Career/College Guidance. Upon completion and meeting certain grades, students’ progress to full-time degrees in these areas including Health Sciences, Law and Engineering. School Leavers are under 22 meeting similar access requirements and can progress to Humanities, Science, Business, Law, Health Sciences, Engineering and Nursing.

Out Reach Access Courses
These free programmes are delivered in centres such as Ballinasloe, Carraroe and St. Angela’s Sligo. They are made up of both Mature and School Leavers from disadvantaged backgrounds. These courses provide the opportunity to progress to NUI Galway or St. Angela’s Sligo upon completion offering a range of subjects including Home Economics unique to St. Angela’s.

Diploma in Foundation Studies Science, Technology and Engineering
This is a joint diploma delivery with GMIT and is a fee paying evening programme that runs Tuesday/Thursday evenings and some Saturdays from September to May and is suitable for those over 22 who are interested in moving onwards to a full-time or part-time degree in NUI Galway or GMIT in areas such as Engineering, Science, Computer Science and Health Sciences. Academic subjects include Maths, Biology, Chemistry and Physics. Support Modules include Academic Writing, Study Skills, Technology and Career/College Guidance.

Diploma in Foundation Studies Business, Arts and Law
This is a joint diploma delivery with GMIT and is a fee paying evening programme that runs Tuesday/Thursday evenings and some Saturdays from September to May and is suitable for those over 22 who are interested in moving onwards to a full-time or part-time degree in NUI Galway or GMIT in areas such as Business, Humanities and Law. Academic Support Modules include Academic Writing, Study Skills, Technology and Career/ College Guidance subjects include Maths, Economics, Business Skills and Accountancy. This course is also taught in GMIT Castlebar.

Fees are €380 for employed and €60 for unemployed.

Access and Diploma Progression Criteria to Degrees and Scholarships
All Modules studied in all Access and Diploma courses must be passed and completed and attendance required is 85%. All courses are classroom based over 2 semesters with exams, assignments and continuous assessment. Certain subjects require A’s and practical work experience for some degrees including Health Sciences and Nursing (School Leavers) All students who want to proceed to full-time degrees apply to the CAO before Jan 20th for a discounted fee of €30. Places in degrees are allocated according to grades and competition for places.

Certain high achieving mature students who enter 1st year of a full-time degree may receive a scholarship of 1,500 euros subject to terms and conditions. Other funding may be available through the Financial Aid Fund and Access Funds for School Leavers.

How To Apply
Applications to all Access Courses are completed on-line from March. Interviews apply. Details of documents required are available on the access website.

Applications to Diploma in Foundation Studies Science, Technology and Engineering/ Business, Arts and Law are completed on-line from July. No interviews apply.

Information Evenings are ran during the year on all listed courses and will be posted on the access website throughout the year.

www.nuigalway.ie/access

www.nuigalway.ie/mature/part-time
QQI (FETAC) Applications

A number of Undergraduate programmes in NUI Galway are open on a competitive basis to students who present with a recognised QQI (FETAC) Qualification.

In order to be considered for a place on these programmes, students are required to have completed the requisite Level 5 or Level 6 course and hold a minimum of five distinctions in the requisite modules.

For the most up-to-date and comprehensive list of QQI (Fetac) entry routes and requirements, see the CAO website or discuss with your Education Advisor in your college of further education.

Please note that places are limited for QQI applicants in degree programmes. Quotas of places are advertised on the admissions website.

If you are doing a pre-nursing course and are over 23, you can also apply as a Mature Student and take the NCC nursing exam in addition to completing your QQI course to have a second chance of obtaining a nursing place.

All applications must be made before Feb 1st through the CAO on year of application for a full-time degree.

</table>
I chose NUI Galway because I wanted to pursue a career as a secondary school teacher. I completed a BA and a PME in order to achieve this qualification.

I was working as a Youth Worker in my local community before becoming a mature student at NUI Galway.

I found the services available to me exceptional to say the least. The resources that were made available by NUI Galway helped me successfully achieve the top marks required in order to obtain a full-time job as a teacher. I volunteered my services to the NUI Galway sports unit and this allowed me to work with many sporting codes in the university as a coach and mentor.

I am a full-time teacher in Galway city. I still keep in touch with members of staff in the university and the many great friends I made in college.
College of
ARTS, SOCIAL SCIENCES, AND CELTIC STUDIES

The College of Arts, Social Sciences, and Celtic Studies is at the cutting edge of new thinking in every subject offered within our programmes. Our degrees are designed to inspire your intellectual curiosity, build your capacity for creative and critical thinking.

MSAP Exam plus knowledge of the degree, evidence of work in a related area and all further education courses completed in a relevant area. Interview may apply.

GY113 Bachelor of Arts with Human Rights
MSAP Exam plus knowledge of the degree, evidence of work in a related area and all further education courses completed in a relevant area. Interview may apply.

GY115 Bachelor of Arts with Performing Arts Studies
MSAP plus knowledge of degree, evidence of work in a related area and all further education courses completed in a relevant area. Interview may apply.

GY119 Bachelor of Arts Journalism
MSAP Exam plus knowledge of the degree, evidence of work in a related area and all further education courses completed in a relevant area. Interview may apply.
DENOMINATED

(A Statement of Intent must be completed in your CAO application)

GY118 Bachelor of Arts in Drama, Theatre & Performance Studies
MSAP Exam plus knowledge of the degree, evidence of work in a related area and all further education courses completed in a relevant area. Interview may apply.

GY104 Bachelor of Arts (Psychology)
MSAP Exam and evidence of further education in the area of psychology. Psychology can also be studied through the Arts Omnibus GY101 and mature applicants are encouraged to put both programmes on their CAO application.

GY105 Bachelor of Arts History
MSAP Exam Only (Statement of Intent not required in the CAO application)

GY109 Bachelor of Arts (Mathematics and Education)
MSAP Exam plus Honours Leaving Certificate Maths.

GY120 Bachelor of Arts Child, Youth and Family Policies and Practice
MSAP Exam evidence of work in a related area and all further education courses completed in a relevant area.

GY121 Arts (Children’s Studies)
MSAP exam plus knowledge of the degree, evidence of work in a related area and all further education courses completed in a relevant area. Interview may apply.

GY123 BSc (Applied Social Sciences)
MSAP exam plus knowledge of the degree, evidence of work in a related area and all further education courses completed in a relevant area. Interview may apply.

GY124 Arts (Arts with Data Science)
MSAP exam plus Leaving Cert Mathematics. Evidence of IT experience in coding and programming is desirable.

GY125 Arts (Digital Arts and Technology)
MSAP exam plus Leaving Cert Mathematics. Evidence of interest and/or experience in Information Technology is desirable. A strong statement of intent should show knowledge of the degree, your motivation for studies and efforts of any further education completed in recent years.

GY126 Arts (English and Media Studies)
MSAP exam plus evidence of interest in novels, plays and film with a brief description of a topic of a media of your choice and further education studies completed in a relevant area.
GY127 Arts (Film and Digital Media)
MSAP exam plus evidence of interest in film and screen with a brief description of a topic of a media of your choice and further education studies completed in a relevant area.

GY128 Arts (Global Languages)
MSAP exam plus evidence of global languages, not including English.

GY129 Arts (International)
MSAP exam plus evidence of an aptitude for languages supported by either further education, leaving cert or life experience of living in a non-English speaking country.

GY130 Arts (Music)
MSAP exam and must have the ability to read music.

GY131 Arts (History and Globalisation Studies)
MSAP exam.

GY132 Government (Politics, Economics and Law)
MSAP exam.

GY133 BA Education (Computer Science and Mathematical Studies)
MSAP Exam plus Honours Maths with a H5.

GY134 BSc (Geography and Geosystems)
MSAP Exam plus evidence of Maths and Science results from the Leaving Cert or from further education in these areas. This degree involves a proficient level of maths and science ability. A strong statement of intent in the CAO application demonstrating knowledge of the degree.

GY107 Na Dána (Gaeilge agus léann an Aistriúcháin)
Leaving Certificate Irish, Irish Interview, Irish Written Test is required. MSAP NOT required. Demonstrate knowledge of the degree, evidence of work in a related area and all further education courses completed in a relevant area in your CAO application.

GY122 Na Dána (Cumarsáid agus Gaeilge)
Leaving Certificate Irish, Irish Interview, Irish Written Test is required. MSAP NOT required. Demonstrate knowledge of the degree, evidence of work in a related area and all further education courses completed in a relevant area in your CAO application.
Applications to the College of Arts, Social Sciences and Celtic Studies programmes are considered on the results of the MSAP - Mature Students Admissions Pathway - exam (except Na Dána degrees) held on Saturday March 7th 2020 in regional testing centres or 12th March in Dublin only.

In addition, an interview may apply if shortlisted for certain programmes listed in this guide. Not everyone who applies for restricted programmes is called to interview. Places are limited.

All are encouraged to write a strong Statement of Intent in your CAO application stating your knowledge of degree, profession, why choose you and any further relevant studies completed or life experience gained that would make you an ideal student. This does not apply if only applying for GY101 or GY105 as MSAP score is only required. A minimum of an overall score of 80 is required to enter these programmes. For all other degrees the highest performers of MSAP and other criteria is considered.

On the day of the test you will be required to present an original photo-bearing current driver’s license, along with your MSAP admission ticket.

IMPORTANT NOTE:
Student cards and Garda ID cards will not be accepted.
Fee for MSAP is €83 if applied for on-time.

If you need special support for the exam you will need to supply ACER with evidence of your disability. Preparation Practice papers, tips and supports are available online.
Mature Students Admissions Pathway (MSAP) Procedure

Candidates are required to complete independently administered by ACER (Australian Council for Educational Research). Steps to register for the MSAP assessment are:

1. Apply through the CAO at www.cao.ie before 1st February.
2. A CAO number is given to you via email.
3. Apply directly to ACER to register for the MSAP assessment before 2nd February. Pay the fee of €83 by Diners Club, Mastercard or VISA assessment, materials required for the paper test, provision of assessment results to the candidate, and the transfer of results to the CAO. Early application for the assessment is advisable. If you do not have a credit card, single use cards are available for purchase from banks and shops for use on the internet.

The fee for MSAP-Ireland 2020 is €83 per candidate during the timely registration period (4 Nov 2019 - 2 Feb 2020). An additional fee of €35 applies to test bookings made between 3 - 16 February 2020.

Test Date 7 March

DID YOU KNOW
A Diploma in Foundation Studies Business best prepares Mature Students for degrees in the College of Business Public Policy and Law.
See page 17 for more information.

HAN NGUYEN, 36 (Business)
I chose NUI Galway because the University has a good reputation and I felt a qualification from NUI Galway would look good on my cv. I am currently enrolled on the Bachelor of Commerce course and completed the diploma in Foundation Studies Business in 2018.
I am a mother of two boys and worked in retail for a number of years before becoming a student at NUI Galway.
The supports available to mature students in NUI Galway are second to none. There is always someone available to advise and assist with any queries. Completing the Diploma in Business Foundations course really prepared me for returning to full time education. Help centres like SUMS and the Academic Writing centre are a great help too.
College of
BUSINESS, PUBLIC
POLICY, AND LAW

NUI Galway has a long history and is internationally recognised for producing high-quality, market-ready graduates in all areas of Business, Public Policy and Law. We offer a wide range of programmes, which are all taught by staff who are at the forefront of original thinking and innovation, ensuring you get the best student experience for your future career.

J.E. CAIRNES SCHOOL OF BUSINESS & ECONOMICS

GY201 Bachelor of Commerce
Criteria for selection include an assessment of the candidate’s ability to benefit from, and to undertake, the programme. Experience and educational background are taken into account. Evidence of Mathematics from the Leaving Cert is required. Interviews are not required. Include a strong statement of intent in your CAO application demonstrating knowledge of the degree, professions and career plans.

GY202 Bachelor of Commerce (International with French)
Criteria as for GY201. In addition, you must submit evidence of certificates/diplomas obtained studying the French language.

GY203 Bachelor of Commerce (International with German)
Criteria as for GY201. In addition, you must submit evidence of certificates/diplomas obtained studying German.

GY204 Bachelor of Commerce (International with Spanish)
Criteria as for GY201. In addition, a proven aptitude for learning modern languages.

GY206 Bachelor of Science (Business Information Systems)
Criteria as for GY201.

GY207 Bachelor of Commerce (Accounting)
Criteria as for GY201. Candidates should have studied maths to Leaving Certificate standard or equivalent. A good standard of English is an advantage. An aptitude for Accountancy (normally Leaving Certificate or equivalent) is desirable and where possible to have taken exams and modules in an Accountancy Technician course.

GY208 Bachelor of Commerce (Gaeilge)
Criteria as for GY201 and have a HC3 in Leaving Certificate Irish.

GY209 Bachelor of Commerce (Global Experience)
Criteria as for GY201.
College of
BUSINESS, PUBLIC
POLICY, AND LAW
(CONTINUED)

SHANNON COLLEGE OF HOTEL MANAGEMENT

GY261 Bachelor of Business Studies (International Hotel Management)
Criteria as for GY201

SCHOOL OF LAW

GY250 Bachelor of Law & Business
Accountancy (normally leaving cert standard or equivalent) and Mathematics (normally leaving cert standard or equivalent) are required. In addition a strong statement of intent is required in the CAO application. A good standard of the English, written and verbal (normally leaving cert standard or equivalent). Students may be required to attend an interview.

GY251 Bachelor of Law
Criteria as for GY250

GY252 Law and Human Rights
Criteria for selection include an assessment of the candidate’s ability to benefit from, and to undertake, the programme. Experience and educational background are taken into account. Voluntary or work experience in Human Rights issues. Interviews are not required.

GY253 Law and Taxation
Accountancy (normally leaving cert standard or equivalent) and Mathematics (normally leaving cert standard or equivalent) are required. In addition a strong statement of intent is required in the CAO application. A good standard of the English, written and verbal (normally leaving cert standard or equivalent). Students may be required to attend an interview.

GY101 Bachelor of Arts (Joint-Honours) in Law
Criteria is MSAP exam Only - Refer to page 25

GY103 Law in Bachelor of Arts (Public and Social Policy)
Criteria is MSAP exam Only - Refer to page 26

GY201 Law in Bachelor of Commerce
Criteria for selection include an assessment of the candidate’s ability to benefit from, and to undertake, the programme. Experience and educational background are taken into account. Leaving Cert Mathematics is required or equivalent. Interviews are not required.
Applications
Apply through the CAO before February 1st 2020

Assessment procedure
Emphasis is placed on the academic criteria listed for each programme and on evidence of recent academic achievements (within the past three years is desirable). Factors which may assist in determining suitability for all courses include:

Relevant work/life experience
Absence of previous opportunity to undertake third-level education
Leaving Certificate results and other educational qualifications

Work/Life experience
A detailed account of this is beneficial to your application. An aptitude for organisation, decision making and management is desirable. Commitment to your interests is sought.

Statement of Intent in the CAO
This should explain why you are motivated to pursue a degree in your chosen area of interest and how you see your degree being an asset to your future plans. Any personal interests or business/language-related activity would also be of interest.

CIARÁN MccARTHY, 25 (Engineering and Informatics)

I chose NUI Galway for my study of Electronic & Computer Engineering due to its reputation for instilling good academic knowledge and its broad variety of extracurricular societies.

After I left school, I went straight to college but ended up leaving for a variety of reasons. I then spent time doing various part time courses and job hunting. Afterwards, I worked primarily as a chef in a large hotel.

I’ve found being a mature student to be refreshingly fun in comparison to the first time, straight out of school. It has given me a new perspective and I’ve found I am a lot more motivated in my studies, after having experienced life outside of academia.
At NUI Galway you will get a first-class education across all Engineering disciplines, taught by lecturers who are leading experts in their fields, and who will prepare you for an interesting and challenging future in your chosen engineering specialism. This coupled with the fact that we have Ireland’s premier purpose-built and award-winning Engineering Building makes NUI Galway the first choice for anyone interested in studying Engineering.

GY401 Undenominated Engineering
GY402 BE (Civil)
GY405 BE (Mechanical)
GY406 BE (Electronic and Computer)
GY408 BE (Biomedical)
GY410 BSc (Project & Construction Management)
GY413 BE (Energy Systems)
GY414 BE (Electrical & Electronic)
GY350 BSc (Computer Science & Information Technology)

SOPHIE FRAWLEY, 27 (Arts)

I chose NUI Galway for its outstanding History course. When I saw that they also offered Archaeology, I knew I had to take the Joint-Honours Arts Degree specialising in the two. I knew NUI Galway could give me the necessary skills for academic achievement, for a chance to obtain a career that allowed me to delve into the pages of history, not just for fun, but as a way to make a living.

I had been unemployed for a couple of years before I heard of NUI Galway’s Mature Students opportunities. I was in a period of my life when I knew it was the right time to finally do something for myself.

The support systems on offer for Mature Students at NUI Galway are of the highest calibre. It was really difficult for me in the first few weeks to find my way, but there was so much support that I eventually found my footing and was able to make friends and study effectively. As a Mature Student, I believe that finding a healthy balance between study and leisure is really important, and once you have that, your time at NUI Galway will be so rewarding.
Criteria
A minimum of grade C3 Higher Level Maths (H5) is desirable and evidence of science studied at Leaving Cert Level or equivalent. IT and Technical Drawing subjects, will be considered; therefore please include statements of Leaving Cert exam.

Qualifying Maths Exam may apply in some cases. Interviews are not required.

Applications
Apply through the CAO before February 1st 2020.

Assessment procedure
Emphasis is placed on the academic criteria above and on evidence of recent academic achievements (within the past three years is desirable). Factors which may assist in determining suitability for all courses include:

www.nuigalway.ie/engineering
I chose NUI Galway for a few different reasons. Primarily because it offered me an opportunity to study Psychology, and with hard work, progress to degree level. NUI is also situated close to my home. From living in Galway I knew NUI always had an outstanding reputation. Now, I would describe NUI as another world inside a world!

Before I became a student at NUI I was a full-time mother for 7 years. Prior to that, I had worked in marketing positions. My dream was always to study Psychology so I took a massive leap and applied through arts thinking that my dream wouldn’t come true. The challenges I faced being a mother with two children and also having an unfortunate health condition was difficult, but I just took it one step at a time and that strategy got me through without too much difficulty. I am now heading into my 2nd year studying pure Psychology and am looking forward to every minute of the challenge that it brings.

Being a mature student at NUI Galway has been one of the most rewarding experiences I’ve had in years. I never thought I would be part of such an engaging and supportive environment. The supports at NUI are for everything from academic support, counselling, disability services and most of all, supportive staff who are eager to see students achieve their goals. No matter what part of the college you are in, there is always support and guidance. The mature student’s officers are incredible, offering care and compassion every moment of the journey.
The College of Medicine, Nursing and Health Sciences comprises three schools: Health Sciences, Nursing and Midwifery, and Medicine. We work to provide programmes that are grounded in clinical expertise and cutting-edge research to best prepare you for a challenging career in the changing healthcare environment.

GY501 Bachelor of Medicine (MB) of Surgery (BCh) and of Obstetrics (BAO)
GY502 BSc (Occupational Therapy)
GY503 BSc (Speech and Language Therapy)
GY504 BSc (Podiatric Medicine)
GY515 Bachelor of Nursing Science (General)
GY516 Bachelor of Nursing Science (Mental Health)
GY517 Bachelor of Midwifery Science

DID YOU KNOW
A Foundation Diploma Course in Science, Engineering and Technology best prepares Mature Students for degrees in Health Science.
See page 17 for more information.
Criteria for Medicine
The subject eligibility requirement is a C2/ H4 grade in a Leaving Certificate higher level laboratory science subject (i.e. Chemistry, Physics, Biology, Physics with Chemistry (joint) or Agricultural Science) or equivalent. You need to have achieved this grade in order to be eligible to apply, ie you must have achieved this grade by taking the Leaving Certificate examination in the year prior to applying or earlier (see exception below*). Evidence of English proficiency is required where English is not your first language.

All applicants must sit HPAT-Ireland. You need to register for this in advance. Please see the website for closing date details and date of HPAT-Ireland for 2019. https://hpat-ireland.acer.org/

Applicants’ scores on HPAT-Ireland are used to rank order applicants for a Multiple Mini Interview (MMI). The top performing applicants are called to this interview process. Approximately 15 applicants are interviewed each year. The MMI will be held on 12th May 2020. Each MMI station is designed to test performance on a different aspect of medical professionalism such as communication skills, teamwork, moral reasoning, and ethical decisions.

NUI Galway is an undergraduate medical school, and the mature entry route is aimed at widening diversity. Applicants who qualify to apply for graduate entry medicine elsewhere (i.e. achieving a second class honours, grade one- 2:1 undergraduate degree) are not eligible to apply to the NUI Galway Mature Entry Route. Applicants who have a place in another medical school are not considered eligible to apply for Mature Entry to Medicine at NUI Galway. The maximum number of times an applicant can be interviewed is twice. Uptake of a place in medicine is contingent on meeting the Garda/Police vetting, Medical Clearance requirements and good standing regulations, as per NUI Galway admissions policies and regulations. See website for further details www.nuigalway.ie/admissions/admissionspoliciesandregulations/

See admissions website for further details. www.nuigalway.ie/undergrad-admissions/school-leavers/medicine/medicinemature/

*Registered mature students of NUI Galway, who are enrolled on the ACCESS Diploma in Foundation Studies (Science/ Engineering Stream) are eligible to apply for mature entry to medicine each year without having the Leaving Certificate Science subject requirement at the time of application, by meeting certain standards of performance on the Access Diploma Programme and HPAT-Ireland, provided they present the required Leaving Subject score prior to taking up the offer of a place in medicine.

The following standards of performance apply:

a) the applicant must be eligible for mature entry
b) the applicant must achieve 85% attendance on the Access Course
c) the applicant must successfully complete all modules of the Access Course
d) the applicant must achieve at least three Grade A’s and 1 B in their science/maths modules
e) the applicant must complete HPAT-Ireland and achieve a minimum score of 150
f) the applicant must achieve a minimum of a Higher Level Leaving Cert C2 in a laboratory Science subject / H4 grade. This can be presented after the MMI, but before uptake of offer of a place.

A CAO statement of Intent is not required for Medicine.

HPAT exam is applied up to 20th Jan 2020. The fee to sit HPAT – Ireland is €140. Exam sitting is Saturday 22nd February.

Criteria for Nursing and Midwifery
An aptitude test is the only requirement considered for Mature Nursing places and is carried out by the Nursing Careers Centre. The score of the test determines places which are highly competitive. A CAO statement of Intent is not required for Nursing.

Having applied through the CAO before February 1st 2020, Mature Applicants must also register and apply through the Public Appointments Service (PAS) website www.publicjobs.ie. This must be done as per dates set out by the Nursing and Midwifery Board of Ireland. Closing dates for PAS are generally in mid-February. Please refer to their website and follow their instructions carefully.

You must remember your User Name and Password as you will require these to access your Message
Board for communications from the PAS results, etc. Please do not confuse Registering with Applying. Once you have registered you must then access the application form, complete available on www.publicjobs.ie To register and apply with PAS you should have to hand your CAO number, a valid e-mail address and your Personal Public Service (PPS) number (if you have one). Please note that once you have applied, you are advised to check your Message Board (located within your personal profile) for communications from PAS. If you do not complete all steps, your application will not be considered valid and you will receive no further consideration.

All information on the test and a comprehensive booklet: Nursing/Midwifery: A Career for you 2020 is available at www.nursingcareers.ie with dates of the exam once released.

Criteria for Health Sciences
Honours Leaving Certificate Science and work experience in a health care area is required for consideration to Occupational Therapy, Speech and Language Therapy and Podiatric Medicine. A strong statement of Intent is required in your CAO application.

Assessment procedure:
Emphasis is placed on the academic criteria above and on evidence of recent academic achievements (within the past three years is desirable). Factors which may assist in determining suitability for all courses include:

Relevant work/life experience
Absence of previous opportunity to undertake third-level education
Leaving Certificate results and other educational qualifications

Work/Life experience
A detailed account of this is beneficial to your application. Knowledge of the degree and profession are required along with evidence of having health care experience.

Statement of Intent in the CAO for Health Sciences:
This should explain why you are motivated to pursue a degree in your chosen area of interest and how you see your degree being an asset to your future plans. Indicate your knowledge of the degree and profession and describe your health care experience clearly with specifics of post and duties held. Include references. Detailed Statements of Intent are recommended, using additional pages, with your CAO number and name on each page, submitted to the CAO for upload to your on-line application.

Applications
Apply through the CAO before February 1st 2020.

ANNA PAULA DE AGUIAR MOREIRA, 35  (Science)

I have chosen NUI Galway because its global recognition, as well as modern facilities. My degree programme at the National University of Ireland Galway encompasses a comprehensive range of subject areas and topics related to Environmental Science, including Environmental Microbiology, Botany and Plant Science, Zoology, and Environmental Legislation; I am therefore still open to several different career opportunities.

I am a mother of a beautiful boy, 6 years old who has always dreamed to be Environmental Scientist. I am from Brazil and came to Ireland 5 years ago and I was a full time Deli Supervisor before start my studies at NUI Galway. I was always worried about language, (English as second language) but honestly I found support from family, friends and more importantly from the university. My journey at NUI Galway has been brilliant from the moment I started as Mature Student.
The Bachelor of Science degree programme allows you to take a variety of subjects in the general scientific field in Year One and to gradually specialise through years Two, Three and Four. It is the ideal choice for students who want to study Science and wish to keep their options open. With such a diverse range of scientific subjects available, students often find they need time to discover which specialism is for them. Please note, however, that quotas apply to second year subjects in the BSc degree programme.

GY301 Bachelor of Science
GY303 BSc (Biomedical Science)
GY304 BSc (Biotechnology)
GY308 BSc (Environmental Science)
GY309 BSc (Financial Mathematics and Economics)
GY310 BSc (Marine Science)
GY313 BSc (Environmental Health and Safety)
GY314 BSc (Earth and Ocean Sciences)
GY318 BSc (Biopharmaceutical Chemistry)
GY319 BSc (Mathematical Science)
GY320 BSc (Physics – degree options in Applied, Astrophysics, Biomedical, Theoretical)
GY321 Genetics and Genomics

See page 17 for more information.
MARIE DILLON, 60 (Arts)

I harboured a desire to have a third level qualification for a long time. A friend suggested I apply to NUI Galway for the part-time Diploma in Foundation Studies (Access) in Ballinasloe. I knew straight away that I needed to do this course if I were to succeed in third level as I had been out of the education for over forty years. This course was invaluable to me and the help and support I received from the co-ordinator and tutors prepared me for my entry into university. I knew NUI Galway was the university for me. In 2018, I successfully completed the Access Course and in September of that year commenced my degree.

I was retired before becoming a mature student at NUI Galway. I have enjoyed every minute of being a Mature Student. I know the supports are there for me should I need to use them. I feel that I have achieved so much over the last two years, I have met some fantastic people from all age groups and my appetite for knowledge is insuppressible.
Criteria
Leaving Certificate Maths and science is required or equivalent from further education. Please include statements of Leaving Cert exam. Interviews are not required.

Applications
Apply through the CAO before February 1st 2020.

Assessment procedure:
Emphasis is placed on the academic criteria above and on evidence of recent academic achievements (within the past three years is desirable). Factors which may assist in determining suitability for all courses include:
Relevant work/life experience
Absence of previous opportunity to undertake third-level education
Leaving Certificate results and other educational qualifications

Work/Life experience
A detailed account of this is beneficial to your application. An aptitude for science and maths is desirable. Commitment and motivation to study science is sought.

Statement of Intent in the CAO:
This should explain why you are motivated to pursue a degree in your chosen area of interest and how you see your degree being an asset to your future plans. Any personal interests in science would also be of interest.

Financial Information

Returning to full-time education can place a strain on your finances. There are many factors to be considered - rent, utility bills, food, travel and class materials for example. It is important to evaluate whether you can financially afford to pursue a full-time degree.

Undergraduate Fees
EU undergraduate fees consist of three elements: 1. Tuition Fee (tax exempt) 2. Student contribution charge 3. Student facilities levies (covers cost of registration, examinations and student services).

1. Tuition fee
Under the ‘free fees’ initiative from the Department of Education and Skills, the state pays the tuition fee for eligible full-time, nonrepeat undergraduate EU students who:

- Are first time undergraduates
- Hold EU nationality or official refugee status
- Have been ordinarily resident in an EU member state for at least three of the five years preceding their entry to an approved full-time course.

If you do not satisfy the above criteria for ‘free fees’, you may be eligible for ‘EU fees’. There are two ways to qualify for EU fees, through nationality or residency:

- **Nationality:** If the student holds EU nationality or official refugee status and where a student has received ALL his/her full-time post-primary education within the EU, but has not been resident for three of the five years immediately prior to university entry, the student is eligible for EU fees. Euro nationality can be proved with an EU passport, an original Irish Birth Certificate, an original EU National Identity Card or official Irish refugee status.

- **Residency:** The student’s principal residence for the purpose of taxation must have been in an EU member state for at least three of the five years preceding their entry to an approved third-level course. (Prior residence as a full-time student alone does not qualify a student for EU fee rates)

If you do not qualify for the Free Fees Initiative or a Student Grant, then you may be liable to pay the full tuition fees for your programme of study. For all information in relation to fees and related criteria, please refer to www.nuigalway.ie/fees

2. Student contribution charge:
The student contribution charge, which will be approximately €3,000 in 2020, is payable by all students. However, students who have applied and are successful in their application for a higher education grant or scholarship will have this student contribution charge paid on their behalf by the scholarship provider or higher education grant authority.

3. Student facilities levies:
This is payable by all students and will be circa €224 in 2020. Further information may be obtained from the Fees Office

Funding options

- SUSI Student Grants
- Back to Education Allowance (BTEA) (Department of Social Protection)
Financial Information

SUSI Student Grants
Student Grants are applied for online and are administered centrally through SUSI. If you are eligible, it may cover all or part of your fees and assist you with maintenance payments to contribute to living expenses while you study. The residency requirement in the State for grant eligibility is three out of the past five years for new applicants, be a holder of an EU passport and have official refugee status. The duration of the break in studies required for re-entry as an independently assessed mature student is three years.

BTEA: Typically, a claimant would have to be in receipt of social welfare payments for nine consecutive months or more prior to returning to college, but there can be exceptions to this rule, usually in cases involving statutory redundancy. To see if you qualify for BTEA check www.welfare.ie Students in receipt of the BTEA are not eligible for the maintenance portion of the Student Grant. Such students should still apply for a grant to pay their registration fees (and in some cases, their tuition fees).

Social Welfare Payments for part-time students
It is possible for mature students who are unemployed to attend part-time programmes at NUI Galway and retain their Jobseeker’s Benefit (JB) or Jobseeker’s Allowance (JA) and associated secondary benefits such as Rent Allowance.

Find Out More:
Department of Social Protection Contacts:
Unemployment Payments/BTEA:

Scholarships and Bursaries
For a list of additional scholarships and bursaries that you can apply for and will not impact upon SUSI funding or BTEA please see page 13 of this guide. Know when you need to apply. In some cases applications are made before your degree starts.
Frequently Asked Questions

When do you apply?
February 1st 2020 is the deadline for all CAO applications. The CAO office must have received your application and all supporting documentation by this date. Online applications are recommended for admission to NUI Galway’s undergraduate programmes. Using a single CAO application, you may choose from the entire range of courses listed in this guide. You may apply for up to 10 courses in the Level 8 category and 10 courses in the Level 7 category. Please note that all undergraduate degrees taught at NUI Galway are Level 8 degrees.

For more information, contact Central Applications Office Tower House, Eglinton Street, Galway City, Ireland. T: +353 (0)91 509 800 E: info@cao.ie W: www.cao.ie

What happens if my application is unsuccessful and I am not accepted to 2020 entry?
If you are a mature student who has applied for Science/Engineering/ Technology/Health Sciences or Business/Arts or Law and have been unsuccessful, an email will be sent to you advising you to apply for the relevant Diploma in Foundation Studies Course in order to meet the criteria for 2021 entry. This email will be sent in late July.

How are applications assessed?
All applications are considered on the grounds of mature numbers that are received by the CAO closing date, 1st February. These applications are processed by the CAO office and forwarded to NUI Galway. NUI Galway does not accept direct applications to the University itself. The University will review each application, seeking evidence of your academic ability as well as your interest in and aptitude for the programme for which you have applied. Refer to each college entry in this guide to see the criteria required for each programme.

What happens if I am successful and accept a place at NUI Galway?
Registration: late August to late September. Registration details will be provided via email to all students after the Leaving Certificate results are released.

Mature Students’ Return to Learning Programme will run in late August. You will receive all information on the Return to Learning programme by email in July 2020 and you will be invited to attend by email.

Main Campus Student Orientation occurs generally the first week in September.

What full-time degree programmes can I apply for?
All of NUI Galway’s degrees are open to mature students.

Where can I get a copy of my Leaving Certificate?
You can request a certified statement of your results from the State Examinations Commission (€14.50) at the following address:
Statements Section,
State Examinations Commission,
Cornamaddy, Athlone,
Co Westmeath.
T: +353 90 6442808/6442810
E: statements@examinations.ie
W: www.examinations.ie

If you completed school leaving exams outside Ireland, you should also include a copy of your results and a certified English translation of the transcript where applicable.

If you sat the Leaving Certificate between 1985 and 2019, you must supply your Leaving Certificate number for some degrees and the year the exam was taken in your CAO application. If you completed the Leaving Certificate prior to 1985, please enclose the official results.

Can I make a late application to NUI Galway after February 1st?
It is not possible to apply on the grounds of mature years after February 1st. However, you may make a late application based on Leaving Certificate results only, up to May 1st. Refer to the Leaving Certificate Points at www.nuigalway.ie/undergrad and see the Undergraduate Prospectus for Matriculation Subject Requirements.

Can I use the change of mind option for NUI Galway’s programmes?
The change of mind option does not apply to mature students applying through the CAO for NUI Galway. February 1st 2020 is the closing date for mature student applications. Once you have submitted your CAO application, a statement of your choices will be sent to you in early February. Only at this point may you add new choices to or delete choices from
Frequently Asked Questions

your application, if desired. Once you resubmit your confirmation of choices, you can only reorder existing choices up until offers are made in early July. This means you should put your most preferred choice of course at the top of the list, then your second choice, and so on. In accordance with CAO procedures, applicants will only be offered their highest successful preference so it is important that you fill out your CAO choices in order of genuine preference.

When will I know if my application has been successful?
If you are offered a place at NUI Galway you will receive official notification of this from the CAO, usually in early July. The date by which you must accept your offer will be clearly stated on the CAO notification. If CAO applicants do not accept their offer by the stated date, then the place is recalled to be offered to another applicant (2nd round offers). It is essential that you are aware of the date for accepting your offer. You may accept your offer online (www.cao.ie) in the event that you are away from your address.

Your responsibility... If you change your address any time between February and the end of June you must notify the correct address.

Can I apply to St. Angela's College, Sligo as a Mature Student?
St. Angela's College is affiliated with NUI Galway and mature students are welcome to apply to all degree programmes. For information on their degrees, application process and quotas of places, please refer to www.stangelas.nuigalway.ie

As I found out by checking Undergraduate Courses all around Ireland, NUI Galway was – and is – the best chance for me to mix the subjects I am most interested in.

I wanted to start again from the scratch even if I attended an MA at the University of Limerick since my priority were the basics of English Literature: this is why I decided to go for an Arts BA - Joint Honours; I am about to start my second year.

I had previously studied Italian Literature and Classical Studies in my home country.

Before I became a student at NUI Galway I was an author – still am – and journalist; I worked more than 20 yrs with daily newspapers and, lately, for an NGO which provides support and help to a Hospital in North Uganda-West Nile region.

NUI Galway gave me an amazing opportunity to study what I really love. Lecturers, tutors and officers are supportive and the environment is serene and motivating.

Pictured above, the new O’Donoghue Centre for Drama, Theatre and Performance at NUI Galway, has been voted Ireland’s favourite new building: it was the Public Choice in this year’s RIAI Irish Architecture Awards 2017. The project involved the complete renovation and refurbishment of the building and provides a home for Drama, Theatre and Performance studies at NUI Galway.

This pioneering Centre includes a 120-seat theatre space with retractable tiered seating allowing for multi-functional use and accessibility. It comprises of studio spaces, classrooms, and a workshop and rehearsal room that will have a transformative effect not only on the University’s students but on the vibrant cultural hinterland that surrounds the NUI Galway campus.
