Cathy Sharp

The Cathy Sharp Dance Ensemble (CSDE), from Basel, Switzerland, celebrates its 20th anniversary season and the 10th year of performances in the Town Hall Theatre Galway.

The company of 5 dancers from Argentina, Japan, Switzerland, and Ireland will present "Dance Collection Two" on Monday, November 21, 2011 at 8pm.

Dance member, Eoin Mac Donnacha is from the Aran Islands. As well as performing various works from its repertory on this evening, CSDE will also show its newest creation, Scripsi, Scriptum, a piece dealing with the digital communications revolution of the last decades.

50 years ago a letter from Ireland to Australia needed 6 weeks to arrive

in Europe. Today an sms arrives in 5 seconds.

How does this rapid advancement effect written communication between people. Will it become even more superficial? Have we lost something in the name of progress?

CSDE is looking forward to presenting its work again in Galway.
