First Announcement and Call for Papers

The Eleventh International Conference on Combustion and Energy Utilization (11th ICCEU)

May, 9-13, 2012

Organized by

University of Beira Interior

in cooperation with

Technical University of Lisbon

University of Coimbra

introduce the latest progress and attractive prospects in the conference areas of interest

Important dates

Deadline for abstract submission: **December 11, 2011**

Notification of acceptance: **January 8, 2012**

Full paper submission: **March 4, 2012**

Areas of interest

Combustion Fundamentals
Combustion Technologies
Combustion Diagnostics
Computational Combustion
Droplet and Spray Combustion
Combustion and Gasification of Solid Fuels
Pollutant Emissions and Control CO₂
Capture and Storage
Clean Fuel Technologies
Clean Coal Technologies
Alternative Fuels (biofuels, hydrogen...)
Thermal Conversion of Solid Waste
Design of Combustion Systems
Internal Combustion Engines
Gas Turbine Combustion
Chemical Propulsion Technologies
Combustion in Domestic Systems
Fire Protection Technologies
Renewable Energy Systems
Energy Efficiency Improvement
Socio-Economics of Energy Systems
Social Acceptability of New Energy Technologies

Submission of Abstracts

One page abstracts should be prepared in English, in MS Word Format, for submission to ICCEU2012, and sent to jbarata@ubi.pt

The abstract should clearly state the objectives of the paper and summarize the main results to be presented. Please

include the title and topic area(s) of the paper, authors' names and affiliations, and the corresponding author email address. Details for full paper submission will be given in the 2nd Announcement.

Registration fees

The registration fee is 500 Euros for each regular participant, 400 Euros for students with valid ID and 200 Euros for accompanying persons. The regular participant fee will be 600 Euros after March 4th 2012. For all registered participant, this fee includes attendance to the sessions, book of abstracts and conference proceedings, welcome reception, work lunches, coffee-breaks, conference dinner, farewell dinner, Friday city tour and Saturday technical visit.

Conference site

ICCEU 2012 will be held in Coimbra. The closest airport is the Lisbon airport. Porto airport can also be used. Flight details and other travel details will be provided in the 2nd Announcement.

Introduction

The 11th International Conference on Combustion and Energy Utilization (11th ICCEU) will be held on 9-13 May 2012 in Portugal.

The ICCEU is the continuation of the formerly Asia-Pacific International Symposium on Combustion and Energy Utilization (APISCEU). The 9th conference was held in Beijing in November 2008, as well as the 1st (1990) and 2nd (1993) ones. The 3rd conference was held in Hong Kong in 1995, the 4th in Bangkok in 1997, the 5th in Shanghai in 1999, the 6th in Kuala Lumpur in 2002, the 7th in Hong Kong in 2004, and the 8th in Sochi, Russia in 2006. The 10th ICCEU was warmly hosted by Turkey, a transcontinental country between Asia and Europe, in 2010. The next ICCEU conference will be held for the first time in the European continent, as a consequence of the global preoccupations in efficient energy utilization and renewable sources in a global world.

We warmly welcome all combustion and energy science & technology specialists and friends to participate to this conference.

Objectives

Science, technology and friendship are the aims of ICCEU in order to provide a forum for discussion and exchange of scientific ideas and latest research achievements in the fields of combustion science & technology and energy utilization. The plenary and special lectures given by internationally known politicians, scientists and engineers who will
