Introduction to NUI Galway

NUI Galway is located on the banks of the River Corrib about 10 minute walk from the centre of Galway City. From Queen's College to National University of Ireland, the University's past is intertwined with the history of Galway and Ireland. Founded in 1845 with an initial intake of 63 students, NUI Galway is now a thriving institution with over 17,500 full and part-time students, of whom 2,758 are international students representing over 115 countries across the globe and making up over 16% of the student population.

NUI Galway is comprised of the College of Arts, Social Sciences, and Celtic Studies; College of Engineering and Informatics; College of Business, Law and Public Policy; College of Medicine, Nursing and Health Sciences; and College of Science. The University offers a wide range of undergraduate and postgraduate degrees and diplomas of international standard, providing students with opportunities for personal and academic development, as well as giving them the knowledge and skills needed to pursue successful careers. The University's approach to innovative programme development means that courses are developed to reflect the ever-changing needs of society, the labour market and the economy.

The Centre for Adult Learning and Professional Development Office at NUI Galway runs a series of part-time, flexible learning programmes for adult learners. Flexible learning options are available in Humanities and Social Sciences, Engineering, Science and Technology Studies. The International Summer School Office operates under the auspices of Centre for Adult Learning and Professional Development.

In tandem with its extensive range of programme, the University campus has expanded and developed. Over recent years, NUI Galway has embarked on a visionary development programme aimed at improving the University's campus facilities and student amenities. This major investment programme includes planning for new buildings, as well as extensions and renovations of existing facilities. The University is well on the way to creating the Campus of the Future, welcoming more students each year and developing a prestigious and innovative University.

International Summer School

The International Summer School at NUI Galway offers programmes in Irish Studies, Education in Ireland (a programme designed to offer teachers an opportunity to study aspects of the Irish Education System), Irish Language, Business and International Management, Geology, Ecology and Archaeology.
Academic Information

Curriculum

Intensive instruction in Irish conversation is given each morning and afternoon. Lectures on aspects of contemporary Irish Language, literature and culture will be scheduled throughout the course and attendance is recommended.

Credits

In order to quantify learning and to place a value on it, courses are divided up into credit units. Credits may vary, however they represent a standard number of class contact hours and average workload for a programme. This workload includes lectures, practical work, seminars, private work and examinations. The use of the term credits is a common one among the third level sector and provides a “currency” with which students may transfer from one course to another or gain exemption from elements of a particular programme. The intensive courses in Irish Conversation on offer run concurrently. Each course will merit credit equivalent to two one-semester courses (6 semester credits/12 ECTS credits).

Assessment

Assessment will be based on attendance and on an examination at the end of weeks 2, 3 & 4.

Grading will use the established percentage marks system in use for all national and international students studying at NUI Galway. A Grade Conversion table will be provided with your transcript which provides an indication of how percentage marks are converted to grades.

Should you wish to stay for a longer period, you may need to liaise with the Garda National Immigration Bureau after arrival to facilitate an extension to your stay. The Summer School Office will be able to assist with this process.

General Advice

Time Management
One of the greatest challenges facing summer school students is time management. You will need to balance the commitments of attending class, doing course work and participating on field trips, while also making time to enjoy all that Ireland has to offer. You will have a very busy schedule while enrolled on your course, so it is worth considering scheduling time before the start, or at the end of the summer school to allow time to travel and enjoy a vacation.

Weather/Clothing:
Ireland has a temperate climate and does not experience extremes of heat or cold. It does however, have high rainfall levels. The weather is unpredictable and can change dramatically in a short period of time.

Prepare to dress in layers and ensure that you have waterproof clothing and footwear for wet days. This is especially important if you are participating in field trips, where you will be exposed to the elements.

The dress code for class will be casual, but you may wish to bring something dressy for nights out. Remember to leave room in your bag for souvenirs on the way home.

We recommend you include the following items on your packing list:

- Waterproof walking shoes or hiking boots
- Waterproof jacket and leggings
- A fleece
- Backpack for field trips
- Umbrella
- Camera and memory cards
- Chargers for your electrical equipment
- Power converter/adaptor*
- Sunscreen
- Sunglasses
- Prescription medicines and a copy of your prescription

*The electrical supply in Ireland is 230v 50hz. Plugs use a three-pronged formation. If your electrical devices use a different voltage, you will need both a power converter and a plug adaptor.

Galway Festivals
Four festivals take place during the month of July in Galway City. Galway Film Fleadh, Galway International Arts Festival and Galway Fringe Festival, bring visitors from around the world to experience the best in music, film, theatre, literature and visual art. The week long horse-racing festival, the Galway Races, at the end of July is Ireland’s most well-known racing festival.

Currency
The euro is the single currency of the Economic and Monetary Union (EMU). The Euro is made up of 100 cents.

Banking
Bank of Ireland has located an ATM machine inside “Eurospar” in the village of An Cheathrú Rua directly across from Acadamh na hOllscolaíochta Gaeilge.

Postal Services
Students may have mail addressed to them at the address below: c/o Acadamh na hOllscolaíochta Gaeilge, Áras Mháirtín Uí Chadhain, An Cheathrú Rua, Co. na Gaillimhe. At least six days should be allowed for delivery (U.S. or Continental Europe) to Galway.

1. Getting Started with Blackboard

Blackboard is a Virtual Learning Environment (VLE). A virtual learning environment is a web-based application designed to facilitate lecturers in the management of modules for their students, especially by helping lecturers and learners with course administration. They are used to supplement face-to-face lectures and tutorials.

Blackboard is the VLE in use at NUI Galway. It allows students to download lecture notes, reading lists, assessment information and other course-related material from their Blackboard sites. It also contains functions that enable students to interact via class announcements, email, discussion boards. It’s easy to upload any materials (e.g. Word files, PowerPoint slides, PDFs, etc) and to create simple quizzes, arrange for electronic submission of course work by students, establish online discussion areas, etc.

Not all academic staff will use Blackboard to support their face-to-face teaching.

2. Logging In

Students can access Blackboard by going to https://nuigalway.blackboard.com and logging in using their CASS username (Student ID in the format 0000123) and password.

What if I have no courses after I log in?
You will automatically see any modules on which you are registered after you log in. Some may be listed as “unavailable”. This simply means that your lecturer isn’t using Blackboard for this course, or hasn’t made it available to students yet.

What if I cannot log in?
If you cannot log in, please check that you have registered for the current academic session with the university. If you are not a registered student in the current year, you will be unable to access Blackboard. Blackboard is integrated with the Student Records System (Quercus). Each evening the Student Records System sends data to Blackboard enrolling all registered students on their corresponding Blackboard courses. After this time, registered students will be able to log in to Blackboard and access the system.

If you cannot log in, please check that:
1. You have the correct username and password. To log in you will need your correct Student ID number (eight digits) and the password you would use to access your NUI Galway email and all computers on campus. If you do not know this information, contact the User Support Centre in ISS (servicedesk@nuigalway.ie or 091 495777) 2. You have registered for the current academic year with Admissions. All information concerning registration for the academic session 2011-2012 is posted on the Registration Website at www.nuigalway.ie/registration 1.2 Navigating inside Blackboard After logging in there are two tabs on the Blackboard system.
