## Important Information!

Visiting and Erasmus students must not register for modules other than those included in this booklet.

Students should not attempt to make special arrangements with academic staff to enrol on courses not listed in this booklet. Only courses listed in this booklet are on the curriculum for Visiting and Erasmus students.

It will not be possible for the university to award credit for modules other than those listed in this booklet.

Classes in Law, Engineering and Science require pre-approval by faculty staff prior to the commencement of term. These classes have pre-requisites and require students to have an academic background in these subjects.

The contents of the Visiting Student Academic Information Booklet is for information purposes only and shall not be deemed to constitute a contract between NUI Galway and an applicant or any third party. Whilst every effort is made to ensure the accuracy of the information in this publication, the university reserves the right to amend, change or delete any courses, syllabuses, examinations, fees, regulations, rules or orders at any time without notice.

Time: 9.30 am - 1.30 pm  
Venue: Bailey Allen Hall, Áras na MacLéinn

### Information Session for Erasmus Students

Date: Thursday, 5th January 2012  
Time: 2.30 pm – 3.30 pm  
Venue: Bailey Allen Hall, Áras na MacLéinn

## 3. Registration Packs

Registration packs and identity cards will be distributed to Visiting & Erasmus students at Orientation. Registration packs contain a statement confirming registration details (student identity number, email address etc), a student identity card and module registration forms.

## 4. Academic Information

This Academic Information Booklet provides a comprehensive list of modules which are available to Visiting and Erasmus students. Students may select modules from a wide number of Disciplines in different years.

No change to the official lecture schedule or examination timetable can be made. Should two of the modules in which you are interested clash on the lecture schedule, you must choose between the two.

As a general rule, the structure of a module's code is made up of a sequence of letters and numbers. The module code starts with two letters which denote the Discipline teaching the module (e.g. HI – History, AN – Anatomy, LW - Law). The remainder of the module code is made up of three numbers. The first number in the sequence normally indicates the year the module is delivered to e.g. HI165 is a module offered to first year students. HI208 is a module offered to second year students, HI362 is a module offered to third year students etc. Module codes with the starting with the numbers 4 or 5 are normally offered to 3rd and/or 4th year students. Visiting and Erasmus students are offered courses from 1st, 2nd, 3rd and 4th year.

US students wishing to enrol on the Service Learning Module, EN150 will require police clearance from the United States. Students should plan to bring police clearance documentation with them to Ireland. Students also require police clearance if they wish to avail of volunteering opportunities.

## Full Year Modules

Students wishing to enrol on a full year module must be registered at NUI Galway for a full academic year. Students who are only registering for one semester may not enrol on full year modules.

IF A MODULE IS NOT LISTED IN THIS BOOKLET, DO NOT ATTEMPT TO REGISTER FOR IT!

## 5. Academic Load

Modules are credited in ECTS (European Credit Transfer System). The ECTS protocol allocates 60 credits to a full academic year's work, and 30 credits to a semester's work. Visiting/Erasmus students may, at their discretion, take fewer or more credits but should carefully consider the implications, from the point of view of transferring credit, of taking less than the full-time quota.

Further information about the ECTS system can be accessed at

[http://ec.europa.eu/education/lifelong-learning-policy/doc/ects/guide\\_en.pdf](http://ec.europa.eu/education/lifelong-learning-policy/doc/ects/guide_en.pdf)

## 6. Academic Advisory Sessions

Academic advisory sessions are offered on 6 January in the following Disciplines, due to the high demand for courses from Visiting and Erasmus students in these areas:

School of Business	15.00 – 16.00	Mr. Murray Scott Ms. Raphael McLoughlin	AC202 (Arts.Science Building)

Introductory lectures for all subjects will be provided during the first week of the semester.

## 7. Lecture Timetables

Lecture timetables are available from Disciplines and can be accessed either by calling to the Discipline's office or by using the Discipline's website. The addresses of Discipline offices and their websites are listed in this booklet with the list of modules on offer for that Discipline. The Discipline websites can also be accessed via <http://www.nuigalway.ie/colleges-and-schools>.

## 8. Module Selection & Registration

Students are permitted to attend classes prior to registering their module selection in order to make an informed decision regarding the modules they wish to follow for the semester. Students must complete the Module Registration Form in the back of this Academic Information Booklet and return it as follows:

Date: Monday, 23rd January 2012

Time: 9.30 am - 5.00 pm

Venue: 1st Floor Counter, Áras Uí Chathail

Only modules included in the Module Registration Form will be included on your student record. Any subsequent module additions / deletions must be notified by you by completing a Change of Mind Form. Students should only register for modules listed in this booklet. Please ensure that you enter the correct code and module title from this booklet on your registration form.

## 9. Change of Mind

After registering their module selection, students are permitted one week in which they may amend their module selection. Students who wish to amend their module selection must complete a Change of Mind Form available in the Academic Information Booklet and return it as follows:

Visiting Students must submit their Change of Mind Forms directly to Orla Naughton ([orla.naughton@nuigalway.ie](mailto:orla.naughton@nuigalway.ie)) in the International Affairs Office.

ERASMUS Students must contact the ERASMUS Coordinator in the relevant discipline, and obtain his/her signature, before presenting their Change of Mind Forms to Orla Naughton in the International Affairs Office.

Submission Date: Monday, 30th January 2012.

No change to module selections can be accommodated after Thursday, 27th September, 2011. Provision will only be made to examine you in modules for which you are registered. All modules registered will be reported on your transcript, whether completed or not. A result of ABSENT will appear on your transcript for any module for which you are still registered after that day and for which you do not present for examination.

Students should ensure that they check the Registration Statement they receive to ensure it accurately reflects their module choices. Any errors should be reported without delay to [orla.naughton@nuigalway.ie](mailto:orla.naughton@nuigalway.ie)

## 10. Examinations

The University will only certify examination results when the results have been obtained at the formal assessments. Consequently, you should not attempt to make arrangements with individual members of staff regarding the substitution of essays or other coursework for formal examinations. Such arrangements, if made, will not be officially recognised and a result for the module in question will not appear on your transcript.

Please consider the notes on Examination Timetables below. Disciplines will advise of arrangements for modules being examined by essay.

Continuous assessment elements and/or essays may form part of the assessment process in any module.

Homeward travel: Do not plan to travel before the Examination Session is over!

### Past examination papers

To assist with preparation for examinations, students can obtain copies of previous examination papers on the Library website at [https://www.mis.nuigalway.ie/regexam/paper\\_index\\_search\\_main\\_menu.asp](https://www.mis.nuigalway.ie/regexam/paper_index_search_main_menu.asp)

## 11. Examinations Timetables

The final schedules and the examination timetable for all Colleges will be published on the web at <http://www.nuigalway.ie/exams>. Timetables are normally released mid semester.

Examinations will be completed by Friday, 16th December, 2011. You should book your homeward travel to ensure you can complete all of your examinations. Please note that modules assessed by essay will be assessed and completed before the formal examinations commence.

Modules may be timetabled at the same time for examination even where the lecture timetable does not clash. It is important when the examination timetable issues, that you check if you have a clash, and advise the Discipline or College Office.

Examination sessions are as follows:

9.30 am - 11.30 am                      and                      2.30 pm - 4.30 pm

Only modules which are examined by formal examination papers are listed on the examination timetable. Arrangements for modules examined by means of essays etc. will be notified by the Discipline providing the module. Such arrangements must be strictly complied with.

Some Engineering modules involve a 3 hour examination.

## 12. Examination Standards

Please note the following NUI Galway standards:

% Mark	Honours Level
40% or above	Pass
45% or above	Third Class Honours
50% or above	Second Class Honours, Grade 2
60% or above	Second Class Honours, Grade 1
70% or above	First Class Honours

## 13. Change of Galway Address

Students must inform Orla Naughton, International Affairs Office, of any change of address. Email: [orla.naughton@nuigalway.ie](mailto:orla.naughton@nuigalway.ie). Non EU students should also notify the GNIB of a change of address.

## 14. Fax Facilities

Students requiring fax facilities to communicate with their home institutions may use the fax service provided by Print That located on the Concourse, Arts/Science Building (beside Smokey Joe's Restaurant) <http://www.nuigalway.ie/printthat/>

## 15. Computer Facilities

All students are required to activate their CASS account to gain access to computer services at NUI Galway. You will need your student identity number and a password to activate your account. Your student identity number will be printed on the registration statement in your registration pack received at orientation. Your temporary password is galway+day+month of birth. E.g. If your birthday is 20th October then your password is galway2010. Please go to <https://cass.nuigalway.ie> to activate your CASS account.

Students must also activate their NUI Galway email account as this is the email address that will be used by NUI Galway to communicate with students. You will require your NUI Galway email address as printed on the registration statement in your registration pack. Your temporary password is galway+day+month of birth as above. To activate your email address please go to <http://studentmail.nuigalway.ie> If you have difficulty activating your CASS and email accounts please contact the Information Solutions & Services office at [servicedesk@nuigalway.ie](mailto:servicedesk@nuigalway.ie) or telephone 091 495777.

Please refer to <http://www.nuigalway.ie/information-solutions-and-services/> for information regarding computer services on campus.

## SEMINARS AND COLLOQUIA – Special Note

History Colloquia for Second Year and History Seminars for Final Year each consist of a number of 10 ECTS modules for each Semester. A description of each module is available on the History website. Up to three places on each topic have been reserved for Visiting Students. Students may only register for one topic of either History Colloquia or History Seminar. Permission to register for a History Colloquia or a History Seminar and assignment to a particular topic must be arranged through the Discipline of History before registration. Students wishing to register for a Colloquium or Seminar must fill in an application form which is available on the History final-year webpage or from the Secretary. Prospective students should note that History Colloquia and History Seminars carry 10 ECTS.

## Examination Arrangements

Visiting students are assessed in all History modules by continuous assessment, which is determined by the lecturer and may consist of a combination of essays, assignments and either a final extended essay or an in-house examination.

EN464.ii*	Negotiating Identities: Aspects of 20th Century Irish Writing	2	5	Essays
IR120.ii**	Imagining Modern Ireland: An Introduction to Irish Culture Studies	2	5	2 hour examination

## EN464 Negotiating Identities: Aspects of Twentieth-Century Irish Writing

This course provides an introduction to twentieth-century Irish writing and considers how writers in Irish and in English have participated in the negotiation of modern and contemporary Irish identities. Through a close critical reading of key selected texts in Irish and in English, it will investigate the ways in which writers have constructed and deconstructed models of Irish identity from the literary and cultural revival of the late nineteenth and early twentieth centuries through to the new millennium. The texts chosen for consideration include extracts from the work of James Joyce, Pádraig Ó Conaire, Patrick Kavanagh, Máire Mhac an tSaoi, John McGahern, Edna O'Brien, Máirtín Ó Cadhain, Seamus Heaney, Brian Friel, Eavan Boland, and Nuala Ni Dhomhnaill. Students wishing to take EN464 for credit purposes must register with the Discipline of English for this Seminar.

## \*\* IR120 Imagining modern Ireland: An introduction to Irish culture studies

This course provides an integrated interdisciplinary introduction to the ways in which Irish writers, musicians, and film-makers have participated in the formation of Irish identities from the cultural revival of the late nineteenth and early twentieth century to the present. Issues to be addressed will include Ireland's transition from a traditional to a modern society, language, gender, and the connections between cultural production and the imagined 'nation'.

Code	Module	Semester	ECTS	Examination
IR101	Irish Life and Culture	2	6	Coursework Assessment

## IR 101 Irish Life and Culture

**NB: This module is available to Visiting Students from Willamette University only.**

The ILC programme provides an introduction to Irish life and culture through the disciplines of Irish, English, History, and Political Science and Sociology, with a particular emphasis on twentieth-century Ireland. Students will be provided with an overview of Irish history and a survey of changing patterns in Irish society as well as a critical reading of key literary texts in both English and Irish. The Irish language material will be presented and studied in translation. Classes will meet for one hour a week in each of the four disciplines and will be required to complete a 1500-2000 word essay in each area of study. The final mark awarded will be an average of the total marks achieved by the student in the four essays presented during the course of the semester.

# College of Science

## Optional Courses: Semester Two

### Key:

AN = Anatomy; BI = Biochemistry; BT = Botany; CH = Chemistry; CS = Computer Studies; EH: Engineering Hydrology; EOS = Earth and Ocean Sciences; MI = Microbiology; PH = Physics; SI = Physiology

Note: Admission of Junior Year Abroad Students to individual courses is subject to the agreement of the Head of Discipline and will depend upon the applicant's academic background in the relevant subject areas.

Course descriptions for the above modules are available in the College of Science calendar at:  
<http://www.nuigalway.ie/science/documents/calendar.pdf>

Code	Course	ECTS	Examination
AN220.II	Human Anatomy II	10	Two hour examination
BI205	The Cell Factory	10	Three hour examination
BI315	Biochemistry II	12	Three hour examination
BT209	Plants, Humans and the Environment	10	Three hour examination
BT312	Applied Aquatic Plant Science II	12	Three hour examination
CH202	Organic Chemistry 2	5	Two hour examination
CH205	Analytical & Environmental Chemistry	5	Two hour examination
CH307	Inorganic Chemistry 3	6	Two hour examination
CH313	Physical Chemistry 3	6	Two hour examination
CH327	Validation and Industrial Chemistry	12	Two hour examination
PH101	Physics	15	Three hour examination
PH108	Physics	7.5	Two hour examination
PH213	Modern Physics	5	Two hour examination
PH214	Thermodynamics	5	Two hour examination
PH223	Observational Astronomy	5	Two hour examination
PH306	Nuclear and Particle Physics	6	Two hour examination
PH354	Thermal Physics and Materials	6	Two hour examination
PH356	Quantum Physics	6	Two hour examination
PH362	Stellar Astrophysics	6	Two hour examination
EOS220	Fundamental Skills in Earth and Ocean Sciences 2	10	Continuous Assessment
EOS212	Sediments and Biosphere I	10	Two hour examination
EOS311	Environmental Geosciences	12	Three hour examination
EOS313	Marine Geoscience	12	Three hour examination
MI212	Microbes and the Environment	10	Three hour examination
MI317	Molecular and Cell Microbiology	12	Three hour examination
MA203	Linear Algebra (P)	5	Two hour examination
MA283	Linear Algebra (H)	5	Two hour examination
MA212	Calculus II (P)	5	Two hour examination
MA222	History of Mathematics II (P)	5	Two hour examination
MA238	Statistics II (P)	5	Two hour examination
MM246	Numerical Analysis II (P)	5	Two hour examination
MA302	Complex Variable (P)	6	Two hour examination
MA314	Linear Algebra II (P)	6	Two hour examination
MA378	Numerical Analysis II (H)	3	Two hour examination
MA287	Analysis II (H)	5	Two hour examination
MA391	Statistics II (H)	5	Two hour examination
MA228	Probability and Statistics II	5	Two hour examination

## Glossary

Term	Explanation
Colloquium	Colloquium modules are small group teaching modules. These modules have a limited number of students. Colloquia require reading, presentation, oral participation and regular attendance. Students are expected to work independently and be motivated.
Continuous assessment	Continuous Assessment are evaluations that takes place throughout the semester/academic year. Examples include mid-term essays, class tests, group assignments.
Discipline	An academic discipline is a branch of knowledge that is taught and researched at university level. Examples of academic disciplines - French, Anatomy, Mathematics, Physics etc
ECTS	ECTS is based on the convention that 60 credits measure the workload of a full-time student during one academic year. The student workload of a full-time study programme in Europe amounts in most cases to 36/40 weeks per year and in those cases one credit stands for 25 to 30 working hours. Workload refers to the notional time an average learner might expect to complete the required learning outcomes. An ECTS users guide can be downloaded at <a href="http://ec.europa.eu/education/lifelong-learning-policy/doc/ects/guide_en.pdf">http://ec.europa.eu/education/lifelong-learning-policy/doc/ects/guide_en.pdf</a>
Erasmus Programme	The Erasmus Programme (European Region Action Scheme for the Mobility of University Students), is a European Union student exchange programme. The Erasmus programme aims at enhancing the quality and reinforcing the European dimension of higher education as well as at increasing student and staff mobility. NUI Galway has in the region of 200 Erasmus bilateral agreements, and Erasmus links with some 130 European universities, providing opportunities for study and teaching abroad in a wide range of disciplines.
Essay	A short literary composition on a single subject, usually presenting the personal view of the author. Essay lengths are advised by the academic disciplines and may vary from 1500 - 5000 words.
Examination	An examination is an assessment intended to measure a student's knowledge of a particular academic module. Written examinations at NUI Galway are normally of 2 hours duration.
Extended Essay	Extended essays may range from 3000 - 5000 words and provide students with an opportunity to conduct independent research on a topic
Lecture	A lecture is an oral presentation intended to present information or teach people about a particular subject. Most lectures take place in lecture theatres on campus and student numbers are not restricted when enrolling.
Module	A unit of education or instruction in which a single topic or a small section of a broad topic is studied for a given period of time.
Occasional Arts	"You are an Visiting/Occasional Student if: You have been admitted to undertake a programme of study that is a sub-element of a recognised full-time programme. You may be a 'Visiting Student' who is registered in another University which will give you credit in their programme for academic work you complete in NUI Galway. As an Occasional Student however, you are not on a programme leading to a Degree, Diploma or any other award of this University. Normally only students of another University, in good standing, or graduates are admitted as Occasional /Visiting students. "
Prerequisite	In order to be eligible for admission, students must demonstrate they have a suitable academic background in a given subject area as set out by the Discipline.
Seminar	Seminar modules are small group teaching modules . These modules have a limited number of students. Seminar modules are designed to facilitate intensive study of specific subject areas. Seminars require students to participate in class discussions. There may be a separate registration procedure for seminars to ensure that class size is not exceeded.
Tutorial	An interactive class in which a tutor gives intensive instruction in a subject to a small group of students.
Visiting Student	Students currently enrolled at another university who have permission from their university to take specific courses at NUI Galway. Visiting students normally enrol at NUI Galway for a semester or one academic year.
