

## Semester Dates 2020-21: Undergraduate and Postgraduate

**UG: Undergraduate Courses**

**PGT: Postgraduate Taught Courses**

**PGR: Postgraduate Research**

The revised semester and exam timetables outlined in this document have been made necessary by the effects of COVID-19 and the social distancing restrictions that are in place. In autumn 2020, it is likely that a significant portion of the curriculum will be delivered online. The semester will also start later for most courses.

The dates outlined below for Year 1 are provisional, and dependent on the timely issuing of Leaving Certificate results by the State Examinations Commission. ***It should be noted that all arrangements will be guided by public health advice.***

1. College of Arts, Social Sciences and Celtic Studies (except School of Education);  
College of Business, Public Policy and Law (except Shannon College);  
College of Science and Engineering.

### 7. Postgraduate Research

Research students should liaise closely with their supervisor and graduate research committee to assess how to commence, continue or alter their research programme so that research progress is possible. Any significant interruption to research should be brought to the attention of your supervisor and GRC so they can advise on consequences this may have with respect to your status as a student, and how we can support you beyond the period of interruption.

### 8. Repeat Exams August 2020

Given ongoing social distancing requirements, we can now confirm that the repeat Autumn examinations, which will take place from **10-21 August 2020**, will take the form of remote or alternative assessments, and that no face-to-face repeat examinations will be held at that time. ***Should social distancing restrictions allow, the University hopes to make a limited number of on-campus facilities available to students who are not able to participate in exams remotely.***

Deputy President and Registrar,  
26 June 2020.

Key: CP= Clinical Practice; E=Exams; F=Field Trips; G=Graduation; I=Induction; nEU=non-EU students; O=Orientation; SP=School Placement; T=Teaching.
