Community Health

NUI Galway are offering a series of workshops relevant to the Community and Voluntary sector designed to enable participants to further develop and enhance their understanding, knowledge and skills relevant to community development practice and policy in Ireland. This workshop series was developed in response to the continuing education needs of personnel working (paid/unpaid) in community/voluntary and state sectors actively supporting community life in a rapidly changing society.

Continuing Education Credit

Workshop Series offerings are provided on a non-accredited basis. When you attend a workshop you will receive a **Certificate of Attendance**. An official certificate of attendance is only awarded to participants who have attended all sessions of a workshop topic (usually 1-day for a 5 ECTS workshop topic).

Participants also have the option to register for **continuing education credit** at the reduced rate of 150€ per 5 ECTS (normal cost for same 330€). Registration for credit with NUI Galway will become available in September 2014–2015. Such credit, when awarded, may lead to an exemption(s) and a reduction in overall fees at a programme level within a relevant discipline (e.g. Bachelor of Arts in Community and Family Studies).
