How to enter the competition

The ELEVATE research project team are running a competition for boys and girls of all ages in primary schools who participated in the ELEVATE project. Entries will be judged in two categories, junior infants to 2nd class and 3rd to 6th class. Schools are asked to submit the best entrant in each category for final competition.

Junior Competition

1. Download the templates for the junior category at <http://www.nuigalway.ie/elevate/>.
2. Completed picture must be on the template A4 sheet (landscape).
3. Any type of craft can be used to colour in the picture.
4. Each school needs to select & send the best entry per category to *ELEVATE project team, School of Physics, National University of Ireland, Galway*.
5. Please submit the final entry along with completed entry form on or before the 24th of March.

Senior Competition

1. Download the templates for the senior category at <http://www.nuigalway.ie/elevate/>.
2. Completed picture must be presented as A4 sheet (landscape or portrait).
3. Any type of craft can be used to create your drawing.
4. Please provide a small description of the drawing along with the entry.
5. Each school needs to select & send the best entry per category to *ELEVATE project team, School of Physics, National University of Ireland, Galway*.
6. Please submit the final entry along with completed entry form on or before the 24th of March.
