A GUIDE FOR SAUDI ARABIAN STUDENTS

ENTRY REQUIREMENTS

Undergraduate Entry Requirements

Entry requirements for our undergraduate programmes vary year on year and from programme to programme but as a general guide students from Saudi Arabia presenting Tawjihiyah (General Secondary Education Certificate) will require a Foundation Programme for entry onto our Undergraduate Programmes. Students presenting with the following qualifications may also be considered for entry into year one of a bachelors degree:

- College of Technology Diploma / Higher Technology Diploma / Junior Health College Diploma
- Associate Degree
- Entry from Bachelors degree – entry after year 1 of Saudi degree with acceptable grades

Check out: www.nuigalway.ie/international-students/studyinireland/country.html for more information.

Postgraduate Entry Requirements

Entry requirements for Master’s programmes vary year on year and from programme to programme, however as a general guide students from Saudi Arabia presenting a 4 year bachelor degree (in a related discipline with an overall GPA 3.2/4 or 4.0/5 CGPA (80%)) would usually meet the minimum academic requirement. Check out: www.nuigalway.ie/international-students/studyinireland/country.html for more information.

NUI Galway English Language Requirements

In addition, applicants whose first language is not English must also meet the University’s English language requirements. The general english language requirement is an of IELTS 6.5 overall score (with not less than 5.5 in any one component) or equivalent but please note that some courses have higher requirements. Please check our website for alternative language tests accepted by NUI Galway and for a list of courses that have a specific IELTS requirement: https://www.nuigalway.ie/international-students/studyinireland/entryrequirements/

NUIG is counted in the top 1% of all universities around the world, therefore I chose to study Biomedical Engineering at the college of Engineering and Informatics. The college provides a good knowledge to contribute with the advancements in both engineering and medicine. My first day at college was amazing to start my new journey. Studying in Ireland was a great chance for me to discover the beauty of Irish culture and learn more. I made the right choice to study in Galway city as this city is well known for its beauty and the people in the city are really helpful and kind. Studying biomedical engineering in Galway was great to gain all the important basics in this field and get the opportunity to go for a placement and practice for a few months.”

Nada Shafiy, Bachelor of Biomedical Engineering

FOUNDATION PROVIDERS
National University of Ireland, Galway works with a number of providers who offer foundation programmes for students who do not currently meet the University’s entry requirements.

Students applying to undergraduate programmes courses in our College of Medicine, Nursing and Health Science should contact Castel Education Tralee as they are the Undergraduate Pathway Provider. Please contact Castel Education, Tralee, Co. Kerry www.casteleducation.com

For students applying to any other undergraduate programme we will accept students that have completed a recognised Foundation Programme. Dublin International Foundation College are a recognised University Foundation Pathway provider www.difc.ie Please contact Ray Halpin at DIFC for further information on the options available e-mail: ray@difc.ie

For other foundation providers approved by NUI Galway please visit: https://www.nuigalway.ie/international-students/studyinireland/entryrequirements/

VISAS AND IMMIGRATION
Citizens of Saudi Arabia need a visa to enter Ireland, and also must register their presence in the Irish State with the Garda National Immigration Bureau after arrival in Ireland.

SCHOLARSHIPS
NUI Galway is committed to attracting high calibre students from Central and Saudi Arabia.

Please check our website for updates and information on how to apply for scholarships: www.nuigalway.ie/internationalscholarships/

Student Life
For Muslims there are three rooms where students can meet, greet and pray daily in the university. There are also Halal food options on campus and Halal Restaurants in Galway.

NUI Galway is a university that has exemplary rankings, a campus that is fascinating, scholarship programmes that are wonderful, a faculty that is dedicated, a graduate employability rate that is imposing, volunteering and extra curricular opportunities that are enormous. The program I was interested in had been awarded the best new postgraduate program in Ireland by the HEA and I won the Max Arthur Macauliffe special merit scholarship for Indian students. Ireland is bubbling with fun and enthusiasm and gives you a new reason to be happy everyday. The breath-taking counties give you a sense of belonging in the midst of chaos around the world.

On the first time seeing the NUI Galway campus, I knew this was precisely everything I ever wanted! I’m happy and grateful that NUI Galway gave me a once in a lifetime opportunity to study, explore, work and contribute my share in Galway, Ireland.

Ramya Kulkarni, MSc in Climate Change, Agriculture and Food Security.
