

Accommodation Types

- **On-Campus student residences**

- Corrib Village
- Goldcrest

- **Off-Campus Student Residences**

- 8 independently owned and managed properties

Advice: if this is your preferred option, try to get on a waiting list

- **Privately owned**

- **Accommodation including**

- Houses, apartments, owner-occupied properties ('digs'), hostels

Advice: check on Studentpad or other listing sites e.g. daft.ie

Many properties are not advertised until August (e.g. used for staycations over the summer)

Points to Consider

- Five or seven nights?
 - Meals provided or self-catering?
 - How much can I charge?
- E.G from €100 – 5 nights – self-catering
Up to €160 – 7 nights – meals-provided

Studentpad

- Studentpad is a dedicated portal where landlords who rent to NUIG students advertise their properties- FREE
- Lists a variety of privately owned accommodation, in addition to student residences, including:
 - Houses
 - Apartments
 - Owner-occupied properties (digs, shared accommodation) etc.

www.nuigstudentpad.ie

The screenshot displays the NUI Galway Studentpad website. At the top left is the NUI Galway logo with the text 'NUI Galway OÉ Gaillimh'. A purple navigation menu on the left contains links for 'Accommodation Search', 'My Studentpad', 'Student Housing Advice', 'Message Board', 'Local Information', 'Agent/Landlord', and 'Contact Us'. A 'Student Alert' section offers to send details of new properties to the user's inbox. A 'Fact Finder' section allows users to compare rents and property facts. On the right, a banner advertises property advertising to over 17,000 students for free. Below this is a large image of a student residence building with a navigation bar for 'Student Accommodation in Galway'. A search engine section titled 'NUI Galway to let' features a search bar and several filter dropdowns: 'Who are you?', 'Any Property Type', 'Living Arrangement', 'Campus', 'Rooms available?', 'Available from', 'No Min Rent', and 'No Max Rent'. A vertical button on the right side of the search section says 'Draw a map search'.
